ADESITAL

ADEGRES FLASH WHITE

ADEGRES SUPER SMOOTH

ADEGRES becomes SUPER SMOOTH and FLASH WHITE. The new formula results in a better workability and a remarkably higher quality perception than the previous version.

FLASH WHITE

Super white, in the white version the colour has been modified with the combination of ultra-white sands from special quarries.

SUPER SMOOTH

The addition of special quartz and lime sands gives a feeling of smoothness and creaminess both in the GREY and WHITE versions.

INCREASED BONDING PERFORMANCE

The adhesion of ADEGRES has been increased compared to the previous version.

**FOR THE INSTALLATION OF MEDIUM-SIZED CERAMICS,
EVEN OVERLAPPED**

FOR INDOOR AND OUTDOOR FLOORING

FOR INDOOR WALL APPLICATIONS
